**DEAR PARENTS,**

As the learning process progresses, we expect our students to grasp and retain what they really need in preparation for the future, how to perform academically and behave socially.

You **as parents are expected** to read the **operating rules and procedures in this handbook**, and those that will be sent to you at different times throughout the year.

**Attendance / Absence and Tardiness:**

A successful school experience is the responsibility of the children, the parent and the school. Your child’s progress, both academically and socially is influenced to a great extent by daily participation.

Now it is the time to establish good attendance habits. Help your child realize that school is an important part of his/her life and that you expect him/her to go to school every day and to be on time to class. Do not give the impression that there is a choice attending school unless he/she is ill. Kindergarten & section grades are a continuous experience with each day’s learning built on the day before. Attendance is an important part of the school curriculum.

**Regular attendance without tardiness is a key.**

1- Tardy (late) children must have a permission slip from the supervisor to enter the class.

After three occurrences the child will not be permitted entrance to his/her first period to encourage punctuality.

2- If your child is absent, kindly inform the school.

If your child is absent for more than two consecutive days, a medical report from his / her physician stating the kind of illness and its duration is required before he/she will be admitted to class.

**School Rules and Expectations:**
